KG-1 Photos of suspects shown to Victim during interview

Details of Supplement:

On 1-14-14, I was assigned this Sexual Assault and Conspiracy case alleging two Nevada peace officers committing the crime on-duty in uniform against the victim in Sparks, Nevada in 2006. The victim alleges that in 2006, she was sexually assaulted by Gerald "Jerry" ANTINORO at the direction of her then boyfriend Anthony "Tony" DOSEN.

Daisey DUKE interview:

On 1-14-14, I met with victim [REDACTED] at the Sparks Police Department where I conducted an audio and videotaped interview in room #203. [REDACTED] stated the following to me in summary:

In approx. April of 2006, I was moving into the [REDACTED] apartments in Sparks, Nv. I don't recall the apartment number, but my apartment was in the northwest corner of the complex. From my balcony I could look directly at the Marina RV Park to the north, and I could look at the empty dirt field to the east.

I met Tony DOSEN through an online dating website. He seemed very nice, and DOSEN told me he was a Deputy Sheriff for the Storey County Sheriff's Office. DOSEN insisted on coming to my house and help me move in. I agreed to him coming over because he seemed nice. After being at my house for about an hour, he became vulgar. DOSEN asked to show him my breasts and made other sexual comments.

Within a week of meeting him, I came home to find he had moved himself into my home. We lived together until the end of September 2006. During the time we lived together, DOSEN engaged in bizarre and illegal behavior. DOSEN would lie to his Dispatch Center saying he was on patrol when he was at home. DOSEN would sleep on the bathroom floor with the shower water running.

Case# 14-430
Detective Gallop #047
Sexual Assault

DOSEN became sexually aggressive towards me. During sex, he was degrading and aggressive. He would surf the internet on websites like hornymatches.com and adultfriendfinder.com. DOSEN would intentionally leave instant messages on the computer screen for me to see. He would converse sexually through instant messages with other people. On one occasion, DOSEN showed me a disgusting video of a women performing oral sex on a horse. He laughed about my reaction of disgust. DOSEN took nude photos of me saying we could get some swingers with the photos. I am not into that lifestyle and told him no.

About 4-5 months after DOSEN moved in I heard him come home. I was awakened in bed when I heard his police radio. I was surprised to hear a second police radio. DOSEN entered the bedroom in full police uniform followed by "Jerry" ANTINORO, another Storey County Deputy Sheriff. I could smell the odor of cigarettes. DOSEN took off his clothes and got onto the bed. I asked what was going on, and DOSEN told me, "Shut up bitch." ANTINORO also undressed and asked DOSEN what he wanted him to do to me. DOSEN told ANTINORO to have sex with me. I told them no and asked DOSEN what was happening several times. I also said, "It hurts." DOSEN only told me to "Shut up bitch." ANTINORO never said a word to me. ANTINORO had sex with me while DOSEN pleased himself. At one point, DOSEN forced my head to ANTINORO's penis and made me give him oral sex. This lasted for about 30 minutes. They got dressed in their uniforms and left. DOSEN and I never talked about this incident. I left the next day and stayed at my brother's house for a few days. I never told my brother what happened.

About one week later, DOSEN came home wearing his uniform and we got into an argument about him talking with a former girlfriend. I was hoping he would end our relationship. DOSEN tased my right leg with a handheld taser, and it was painful. DOSEN kept activating the taser while laughing about it. He finally left.

One day before the murder of Holly QUICK, which would have been September 13, 2006, DOSEN came home in uniform. I was insistent we end our relationship and we argued. It became heated. I was outside on my balcony, and DOSEN was standing behind me. He pulled out his handgun and put it to my head as he asked me if I wanted to die. I could see the gun out of my peripheral vision, and I felt the gun when he placed it against my head. Suddenly the gun discharged and I felt the concussion. I remember the day because the following day numerous police officers were canvassing the neighborhood. I initially thought DOSEN's round hit someone, but I found out about the un-related murder.

DOSEN would be home 1-2 days a week, otherwise he was gone. DOSEN always said he was working undercover or working late. I now know he was seeing other women. DOSEN admitted to using steroids, and he always had a black duffle bag with him, which he left behind after moving out. DOSEN always bragged about being a cop, and I was afraid to say anything to anyone.

████████ added:

I finally talked with my trusted friend Stewart HANDTE about all of this. HANDTE is the Sheriff of Mineral County, and he was good friends with DOSEN when they worked together in the Nevada Highway Patrol.

This isn't about me, but I'm concerned this could happen to another women.

Additional Details:

On 1-15-14, I spoke with ██████████ who told me she has DOSEN's aforementioned black duffle bag. ██████████ also has a bedspread from the time when DOSEN lived with her. The bedspread has been washed countless times since 2006.

Investigation continues.
